The College of Medicine at Northeast Ohio Medical University is one of less than 150 medical colleges (allopathic) in the United States that offer the Doctor of Medicine (M.D.) degree. NEOMED no longer offers direct-from-high school provisional admission (B.S./MD) to students effective fall 2017.

NEOMED now offers three admission pathways to the College of Medicine M.D. program:
Traditional Admission (Direct Entry) -- Apply through AMCAS (www.amcas.org)
Partnership for Urban Health Post-Baccalaureate
Provisional Admission Pathway with Cleveland State University
Baccalaureate/M.D. Provisional Admission Pathway with one of NEOMED's college/University partners located across northern Ohio.

Please visit www.neomed.edu/medicine/admissions/ for more information about all pathways leading toward enrollment as an M.D. student at NEOMED.

Please also direct your students to Discover.NEOMED.edu for more information about how to secure provisional admissions while enrolled as a college sophomore at one of our partner college/universities in northern Ohio. Provisional admission refers to a reserved seat in medical school secured during an undergraduate student's sophomore year leading to enrollment at NEOMED upon graduation. Final matriculation to the College of Medicine M.D. program is contingent upon attaining minimum grades and MCAT scores.

NEOMED also offers high school counselors an information portal at Discover.NEOMED.edu. Please visit and sign up for more information about NEOMED's new provisional admission opportunities with our college/university partners.

Doctor of Pharmacy at Northeast Ohio Medical University offers the only Doctor of Pharmacy program (Pharm.D.) in Eastern Ohio. NEOMED is partnering with American Association of Colleges of Pharmacy (AACP) to participate in the Early Assurance Program. Early assurance through the AACP provides qualified high school candidates with opportunities to pursue either 2-4 or 3-4 pathways to complete a Pharm.D. We also offer early assurance to currently enrolled college/university students, including all of our partner schools in northeast Ohio.

For more information about all of NEOMED's College of Pharmacy pathways, please visit www.neomed.edu/admissions/become-a-pharmacist/. Interested early assurance candidates may also visit www.PharmDirect.org

Please direct your students to Discover.NEOMED.edu for more information about how to secure early assurance as either a high school or college student. NEOMED also offers high school counselors an information portal at Discover.NEOMED.edu. Please visit and sign up for more information about NEOMED's new early assurance admission opportunities.
