Math	4
Science	3
Social Studies	3
Foreign Language	2
Arts	1

Students may be required to take one or more developmental courses, determined by the scores received on the Institutional Placement Tests in English and mathematics. Writing tests are recommended.

SELECTION CRITERIA FOR FALL TERM:

Direct Admission: Students who demonstrate necessary academic preparation and performance will be admitted directly to the college/program of their choice. Admission criterion varies by program/academic department, but is reserved for students who qualify academically. Generally a minimum 3.0 cumulative high school GPA or higher depending upon chosen major and competitive ACT or SAT test score(s).

University Admission: Students who do not meet the direct admission criteria will be reviewed for admission within the area of their intended major, or general studies for undecided students. Review for admission is based upon a combination of high school cumulative GPA, coursework taken and in progress,

improvement and/or consistency in performance and ACT or SAT test score(s).

In addition, The University of Akron is implementing and phasing in a more selective admission standard/criteria over the next few years. Therefore, students whose academic profile is borderline for University admission will be reviewed on an individual basis, by the Admissions Committee, to determine college readiness. Offers of admission will be limited to students whose academic profile and credentials demonstrate promise of academic success at the college level. Letters of recommendation are encouraged for these students and senior year coursework and grades are essential in the review process, as well.
